Subject: Say "No!" to the Sullivan Courthouse permit

To Whom It May Concern:

I'm writing to express my concern over Leggat-McCall's application for a special permit to turn the former eyesore and neighborhood disaster into a new and more egregious thorn in the side of the local neighborhood and the city as a whole. We are talking about a building that never should have been built, and now because the state once rammed it down the throats of our neighbors we are being asked to accept it's being heightened and made even more of a problem.

The 2,000+ cars it is expected to attract into Cambridge will be traveling through a city already too crowded and burdened with traffic. Additionally, the building's height should be reduced not built upon. Most important, however, is the fact that my neighbors in East Cambridge who will be most impacted by the renovated monstrosity do not want to live with its repercussions.

Many thanks!
